ANTHONY'S ADVENTURES

Everybody in town seems to be trying his hand at making lasagna. And with some very good results, from the reports we've been getting here. For those who wouldn't know a lasagna if they met it at the corner of Torrance and Crenshaw (and that's the right place to meet it) it's an Italian dish—basically a cheese and noodle casserole with meat and sauce and full of subtle delicious flavors.

This time, however, I'm not trying to sell you lasagna, or even tell you what it's like or he now it's made. It's how to pronounce it that has me worried. . . . see, some of our customers have made it several times and still are asking how to say it. So I'll have daddy type it here in what he calls phonetic spelling: LAH-ZAHN-YAH.

Well, that's that. Thanks, daddy.

Enough for Lasagna except to answer the question I heard a lady ask mommy the other day. She said, "Is lasagna very fattening?" I'll have to be honest and say yes it is very rich and very fattening. . . . but on the other hand it's also very expensive.

Daddy asked me to explain why it is that we don't always have everything that's listed on the menu. It's because the wonderful people of Torrance and lots of nearby towns have been bringing us so much business. Sometimes it's just impossible to keep up.

Daddy says the word-of-mouth advertising we're getting is probably even better than my column. Thanks a lot to all these people.

Hope they don't put me out of a job. Bye-bye.

Honor Band To Present Concert At El Camino

Featuring the outstanding members of 10 high school bands, an Honor Band will present its first annual concert in the Campus center of El Camino Saturday evening. The program will start at 8:15 p.m.

"Each band director in this area has chosen his finest players who have met for a unique series of rehearsals," Calvin Greer, El Camino band director, announced today. Greer will direct the musical group.

Arrangements for the concert were handled by a selected committee consisting of a single chairman from each of the high schools participating. The group coordinated advertising, programming, costuming, and other details inherent in a musical production.

Program

The program, patterned after that of the United States Marine band, will be varied and highly interesting to the general public, Greer predicts. "There will be several features, including the presentation of a new work by a young California composer, Geza Piszel, Morningside high band director," Greer stated. Entitled, "California Suite," the new composition was selected by the honor bandmen to be played in Saturday's concert.

Other Selections

Other selections will include famed American military marches, Latin themes, novelties, and selected young artists in solo spots.

"This unusual collection of the finest players in the area will afford the public an interesting view into what is being done musically within the high schools of Southern California," Greer concluded.

Torrance high school will be represented by Percussionist Eddie Alvarez, chairman; Jim Thompson, trombone; Dan Buckley, alto sax; Wayne Evanson, French horn; Jack Johnson, clarinet; Henry Pupkoff, trumpet; Vicki Henshaw, bassoon; Jim Myers, bassoon; Bob Wyatt, trumpet; Bill Strohm, clarinet; and Gary Rippstein, trombone.

Girl Hurt Seriously On '101'

Taken to Harbor General hospital with major injuries following a collision Sunday on Pacific Coast highway was Jackie Stephens, 17, a passenger in a car driven by Orval W. Stephens of 23664 Park street.

Stephens' car collided with one driven by Robert Lee Kling, 30, of 511 Mayer lane, Redondo Beach, near the Torrance Municipal Airport. The two cars were going in opposite directions.

Kling was going at an "excessive rate of speed" and lost control of his car, according to witnesses. Booked for drunk driving, he was released on \$263 bail.
